SAMAVICH
TECHNOLOGIES

DTH · WATER-WELL & EXPLORATION

Borehole absorber.

A compact, budget-friendly dampening solution optimised for DTH applications where space and efficiency matter.

DTH
optimised

Compact
easy handling

Sealed
maintenance-free

01

Optimised for DTH

Designed for down-the-hole drill strings in water-well and exploration work.

02

Compact and robust

Small footprint for easy handling, with budget-friendly engineering.

03

Protects the mast

Reduces the shock transmitted to the drill mast.

04

Maintenance-free

Sealed for maintenance-free reliability.

Made to suit your rig

Tell us your rig model, hammer size and thread connections — our engineers will size the borehole absorber for your drill string.

Drilling water wells or exploration holes?

Send us your rig and hammer details for a recommendation and quote.
